ARCH SIGN

ARCH-SHAPED DOUBLE SIDED SIDEWALK SIGN WITH POWERFUL VISIBILITY

Stable and heavy-duty double-sided pavement sign with a distinctive arched design. Featuring a magnetic cover for quick and easy poster insertion and replacement, Arch Sign provides excellent poster visibility from both sides. Ideal for highly frequented public areas, retail environments, shopping centres, exhibitions and promotional applications.

KEY SELECTION ATTRIBUTES

* Heavy-duty freestanding pavement sign designed for demanding INDOOR and OUTDOOR applications.
* Double-sided display provides excellent visibility from both directions.
* Standard header with 327 × 594 mm printing area, provides space for corporate logo and customisation.
* Distinctive arched design combines structural stability with a modern and attractive appearance.
* Heavy circular base with a modern look and rigid support structure provide reliable stability and secure positioning in high-traffic areas.
* Overall dimensions: 680 × 680 × 1400 mm (D × W × H).
* Can be moved around easily thanks to integrated wheels.
* Magnetic poster covers enable quick, tool-free poster replacement; finger slots provide easy handling.
* UV-stabilized, anti-reflective poster covers protect graphics and improve readability under strong lighting.
* Backing tray is galvanised in standard product, powder coating is optional.
* One set includes a 25mm diameter steel tubing with a galvanized back panel and a header, 2 magnetic anti-reflex poster covers, a heavy circular base with integrated wheels for convenient handling and flexibility.
* Posters are not included; additional printing service is available upon request.
* Security cable with combination lock is not included; available as an optional accessory.
* Weatherproof construction with corrosion-resistant metal components is suitable for long-term outdoor use.
* Powder-coated antimicrobial surfaces provide additional protection and a durable, professional finish.
* Suitable for retail stores, shopping centres, restaurants, cafes, hospitality venues, exhibitions, events and other highly frequented public areas.
* Available for A1 portrait posters only.
* Only RAL 9005 Black colour. Custom RAL colours and finish options available upon request, subject to MOQ.
* Packed in 2 cardboard boxes & unassembled; simply screw the frame to the steel base.

Installation Considerations
Arch Signs are packed in 2 cardboard boxes & unassembled. One set includes a 25mm diameter steel tubing with a galvanized back panel and a header, 2 magnetic anti-reflex poster covers, a heavy circular base with integrated wheels for convenient handling and flexibility. Magnetic poster covers enable quick, tool-free poster replacement; finger slots provide easy handling. Posters are not included; additional printing service is available upon request Security cable with combination lock is not included; available as an optional accessory. Simply screw the frame to the steel base.

Design Considerations
Double-sided display provides excellent visibility from both directions. Overall dimensions: 680 × 680 × 1400 mm (D × W × H). Available for A1 portrait posters only. Standard header with 327 × 594 mm printing area, provides space for corporate logo and customisation. Distinctive arched design combines structural stability with a modern and attractive appearance. Heavy circular base with a modern look and rigid support structure provide reliable stability and secure positioning in high-traffic areas. Can be moved around easily thanks to integrated wheels. UV-stabilized, anti-reflective poster covers protect graphics and improve readability under strong lighting.

Backing tray is galvanised metal sheet in standard product, powder coating is optional. Weatherproof construction with corrosion-resistant metal components is suitable for long-term outdoor use. Powder-coated surfaces provide additional protection and a durable, professional finish.

Cleaning and Disinfecting
Clean your displays, with damp microfiber clothes, rinsed with simply water or warm, soapy or gentle shampooed water. Avoid using vinegar, abrasive, acidic, alcohol-based or heavy cleaners or cleaners containing Ammonia. Only after cleaning the product, if needed, simply apply disinfectant or sanitizer that is in compliance with your local guidelines and regulations.

Hazardous Substances
M&T Displays prioritizes compliance with the REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals) and RoHS (Restriction of Hazardous Substances) directives to protect both the environment and human health. We ensure that our products do not contain substances listed under REACH and adhere to strict RoHS limits for hazardous materials. Our manufacturing process ensures that lead, mercury, cadmium, and other restricted substances remain within the permitted thresholds, guaranteeing safe and sustainable products for our customers.
