

OMNI A BOARD OMNIFRAME

FREE STANDING OUTDOOR BANNER SYSTEM FOR LARGE FORMAT PRINTS!

Constructed aluminium, Omni A Board is a double sided, heavy outdoor banner system. It is ideal for use with PVC eyelet banners. Omni A Board is used for large advertising areas that the banner needs to be changed regularly or carried to different places. It is a great accompaniment for outdoor events, marquees and race. Omni Frame withstands approximately 42-50kph wind.

KEY SELECTION ATTRIBUTES

- * A very durable aluminium, double-sided, free standing, A-Board Outdoor Banner System for application of large format printed posters.
- * One of the most easy and quick assembled frame designs in the market, as an alternative to traditional billboards.
- * Suitable for large advertising areas where the banner needs to be changed regularly or carried to different places, as a free standing A-Board in outdoor events, marquees, races, garden centres, retail outlets, sports halls, sporting venues, conferences, public areas and many more.
- * Omni A Board has a smart design and all parts are robust, durable and reusable. The banner is easy to change by taking off the elasticated straps/hooks without dismantling the frame. It is delivered parts unassembled to save from transport.
- * Omni A-Board is OUTDOOR FRIENDLY, strong and stable for harsh weather conditions. It is tested for security in outdoor conditions. Omni A-Board withstands approximately 42-50kph wind.
- * Suitable for application of 40" x 59", 40" x 98", 49" x 118" poster sizes on both sides.
- * Omni A.Boards can be ordered in standard sizes. They can also be ordered in special lengths and parts as semi products. The variable lengths of aluminium profile gives the ability to install banners in customised sizes.
- * Natural silver-anodized in standard and various RAL colors available with antimicrobial powder coating. Subject to MOQ.
- * One set includes a lightweight silver anodised aluminium profile frame; aluminium injection metallic silver RAL9006 powder coated corner brackets, RAL9006 T-connectors, RAL9006 profile connectors, hinges, plastic buttons, white clamps for banners, black bungee cords with stainless steel hooks and elastic straps. Plastic buttons and elastic hooks included enough for each size. Banner and eyelets are not included. Feet is optional, not included in the standard set, should be ordered separately. Each feet weighs 2.65 lbs. Black carry bag is optional, should be ordered separately.
- * Fabric is the most recommended material when compared to other alternatives such as PVC, Vinyl & Polyethylene. Thickness for digital printing might vary according to the dimensions of frame and the fabric type used. Fabric is not included in the original pack.
- * Profiles and connector parts for Omni A-Board for the required sizes are packed unassembled in 2 packs with an easy mounting instruction sheet. Fixing tools are included in each frame. See info chart for the pack sizes.
- * Ideal for banners with PVC eyelets. The first eyelet should be placed on the corners 1.57" from the edges of poster used for Omni Frame. The other eyelets can be applied spacing 0.59" x 1.18" from the first eyelet depending on the environment to be used.

Profiles and connector parts for Omni A-Board for the required sizes are packed unassembled in 2 packs with an easy mounting instruction sheet. Fixing tools are included in each frame. See info chart for the pack sizes. One set includes a lightweight silver anodised aluminium profile frame; aluminium injection metallic silver RAL9006 powder coated corner brackets, RAL9006 T-connectors, RAL9006 profile connectors, hinges, plastic buttons, white clamps for banners, black bungee cords with stainless steel hooks and elastic straps. Plastic buttons and elastic hooks included enough for each size. Banner and eyelets are not included. Feet is optional, not included in the standard set, should be ordered separately. Each feet weighs 2.65 lbs. Black carry bag is optional, should be ordered separately. Ideal for banners with PVC eyelets. The first eyelet should be placed on the corners 1.57" from the edges of poster used for Omni Frame. The other eyelets can be applied spacing 0.59" x 1.18" from the first eyelet depending on the environment to be used.

Design Considerations

A very durable aluminium, double-sided, free standing, A-Board Outdoor Banner System for application of large format printed posters. One of the most easy and quick assembled frame designs in the market, as an alternative to traditional billboards. Omni A Board has a smart design and all

parts are robust, durable and reusable. The banner is easy to change by taking off the elasticated straps/hooks without dismantling the frame. It is delivered parts unassembled to save from transport. Suitable for application of 40" x 59" 40" x 98", 49" x 118" poster sizes on both sides. Omni A-Boards can be ordered in standard sizes. They can also be ordered in special lengths and parts as semi products. The variable lengths of aluminium profile gives the ability to install banners in customised sizes.

Cleaning and Disinfecting

Clean your displays, with damp microfiber clothes, rinsed with simply water or warm, soapy or gentle shampooed water. Avoid using vinegar, abrasive, acidic, alcohol-based or heavy cleaners or cleaners containing Ammonia. Only after cleaning the product, if needed, simply apply disinfectant or sanitizer that is in compliance with your local guidelines and regulations.
