PROPOSITION 65 COMPLIANCE DECLARATION

This declaration is issued to inform concerned parties that products manufactured and supplied by **MT Displays** have been assessed for compliance with the **California Safe Drinking Water and Toxic Enforcement Act of 1986**, commonly known as **Proposition 65**.

Proposition 65 requires the State of California to maintain and update a list of chemicals known to cause cancer, birth defects, or other reproductive harm, and mandates warning requirements when exposure to such chemicals exceeds established safe harbor levels.

MT Displays conducts its Proposition 65 assessments based on written declarations, regulatory statements, safety documentation and informed provided by its raw material, component, and chemical suppliers.

Based on the review of supplier-provided documentation and internal material evaluations, **MT Displays confirms that, under normal and intended conditions of use, no Proposition 65 warning is required for the products supplied.**

MT Displays products are **not intended to come into contact with food or dietary supplements.**

The list of MT Displays products evaluated for Proposition 65 compliance is provided in the **Appendix** of this declaration.

MT Displays is committed to supplying safe, high-quality products and works closely with its suppliers to ensure the purchase of materials that meet applicable regulatory requirements. MT Displays will continue to monitor updates to Proposition 65 regulations and the chemical list. Any newly listed substances will be evaluated against supplier data and finished product materials, and relevant information will be communicated to concerned parties as appropriate.
